- Daily Sales reported
SEPTEMBER 27 -
OCTOBER 5, 1976
-- As Reported by Exporters

NOTICE TO USERS: The new marketing year for corn, grain sorghum, soybean oil cake and meal, soybean oil, cottonseed oil cake and meal and cottonseed oil began on October 1. Outstanding sales of these commodities scheduled for 1975-76 export, against which deliveries were not made by September 30, will be carried forward by reporting exporters for delivery in the 1975-76 marketing year. Special tables showing summary data for the 1975-76 marketing year will be published in the report to be released October 14, 1976.

EXPORT SALES REPORT

Comments on release of October 7, 1976 (based on reports from exporters for the week ending September 26, unless otherwise noted):

Wheat: Sales activity was up after two relatively dull weeks. Korea and Japan were the leading customers. Eastern Europe continued active in the market accounting for 127,300 metric tons (MT), most of which was a shift of sales of Soft Red from unknown destinations to Poland and Romania. Total sales to the USSR were revised to reflect a downward adjustment in earlier reported accumulated exports. Included under the daily reporting system were two new sales to the USSR: 220,000 MT of Hard Winter for delivery during the current marketing year (MY) and 180,000 MT of Hard Winter for 1977/78 shipment. For additional details see USDA press release No. 2813.

Corn: Buyer's attention continued to focus on prospects for and purchases of the 1976 corn crop. Sales activity for 1976/77 totalled 815,500 MT for the week with Greece, the EC, and Poland the leading buyers. Japan and Taiwan were also active in the market. Sales to unknown destinations rose by over 320,000 MT. The major feature for 1975/76 was the continuing shift of sales from unknown to known destinations as the MY expires. USSR corn purchases for 1975/76 declined by 53,700 MT, reflecting the shift of a sale back into unknown destinations. Exports to date total 43.5 million MT, slightly in excess of the official record shattering export projection.

Grain Sorghum: With the 1975/76 MY ending September 30, 1976, most customers have switched purchases to 1976/77 deliveries. Sales for delivery in 1976/77 were fairly heavy, featuring new sales to Poland and Spain and additional sales to Israel and The Netherlands. Exports were the heaviest in weeks, pushing the total so far during the 1975/76 season slightly above the USDA's export projection.

Barley and Oats: Sales activity of barley picked up with the purchase of 35,600 MT by Italy, its first for the MY. Belgium and East Germany added to earlier purchases. After a two week slump, sales activity of oats recovered, totalling 19,900 MT, the third heaviest for the year. Purchases by Japan and a change from unknown destinations to Italy accounted for the bulk of the activity. The pace of weekly exports was also up, running second heaviest for the year.

Soybeans: Total sales rose 438,400 MT with increases to the EC, Taiwan, Venezuela and Peru, more than offsetting a reduction in total sales to Japan. Over 40% of weekly exports of 171,000 MT were to the EC, with Japan, Indonesia, Canada and Peru also receiving substantial quantities.

Soybean Oil: Exports to Pakistan of 37,500 MT (PL-480) and Iran of 15,000 MT were major factors as total exports increased by 57,000 MT. With less than one week remaining in the 1975/76 marketing year, total exports exceed the USDA projection by about 22,200 MT.

Cotton: Sales showed no significant activity but exports continued large this week. Korea, Japan, and Indonesia were the major destinations.

Soybean Meal and Rice: Showed no significant activity.

WESTERN EUROPE: STATUS OF EXPORT SALES OF GRAINS, SOYBEANS AND SOYBEAN MEAL
AS OF SEPTEMBER 26, 1976 1/

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
